CAUTION

Caution: CONTACT MAY CAUSE EYE OR SKIN IRRITATION. Avoid contact with eyes or prolonged contact with skin. In case of contact, Flush eyes with plenty of water for at least 15 minutes and get prompt medical attention; Wash skin thoroughly with soap and water. DO NOT store below -32 degrees F.

General Recommendations:

Soil Application: Use 2-5 gallons of Fast Start® per acre in furrow at planting. DO NOT add any other fertilizer material containing N-P-K to Fast Start® when applied in the seed furrow. Water may be added to dilute Fast Start® when higher volume application is desired. Optimum rate of application will vary between fields, depending on soil test or plant analysis recommendations.

Transplant Solutions: Use ½ to 1 ½ gallons of Fast Start® per acre in 100 gallons/acre transplant water.

Handling Instructions: Store and transport Fast Start® in poly or stainless steel only. Thoroughly agitate Fast Start® before transferring to another vessel. Jar test Fast Start® for compatibility before mixing in any other fertilizer, pesticide or water which is acidic or basic.
