

SIEGE[®] AMS Plus

Use with Herbicides, where Ammonium Sulfate is recommended

GENERAL INFORMATION:

SIEGE AMS Plus will enhance the herbicide activity of certain postemergence herbicides when used at the proper rate.

SIEGE AMS Plus is a proprietary blend of high quality anionic and non-ionic surfactants (phosphate ester of polyglycols) and ammonium salts. When used at recommended rates, SIEGE AMS Plus can increase the performance of those herbicides which are recommended to be used with ammonium based Nitrogen. The added herbicide performance produced by the use of SIEGE AMS Plus may be apparent in situations of environmental stress.

Seller warrants that the product conforms to its chemical descriptions and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability of fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller and buyer assumes the risk of any such use.

DIRECTIONS FOR USE:

Add SIEGE AMS Plus to the spray tank at the rate specified by the herbicide label and follow directions for use as to rates, timing, procedures and crop restrictions.

Check compatibility of proposed spray mixture in a quart jar test before large scale mixing. It is recommended that a test area be used when conditions of high humidity or high temperatures exist.

MIXING INSTRUCTIONS:

Add half the amount of water to the spray tank and begin agitation. Add the required amount of SIEGE AMS Plus and herbicide to the spray tank. Add the remainder with water. Continue agitation until all SIEGE AMS Plus has been applied.

USE RATE:

**1-2 Quarts per
100 Gallons
of water.**

ACTIVE INGREDIENTS:

Ammonium Sulfate Salts, Diosand Defomer, Dimethylpolysiloxane and Polymeric Discosity Modifier.....%100

*Ammonium Sulfate Active Ingredient: 3.4 lbs per gal

**KEEP OUT OF THE REACH
OF CHILDREN**

PRECAUTIONS:

Liquid causes eye injury. In case of contact with eyes, flush with water for 15 minutes. Contact physician if irritation persists. Dispose of container in accordance with local, state and federal regulations.
